what customers say

We form lasting relationships with our customers by helping them maintain their quality systems once they are certified.

HERE'S WHAT A FEW OF OUR CLIENTS SAY ABOUT THE RESULTS WE HAVE PRODUCED FOR THEIR ORGANIZATIONS:

OUTSTANDING SERVICE

"As an implementation partner you provide a plethora of useful tools and materials including useful document templates, project tracking tools, guidance, encouragement and training offerings. Your service is outstanding. This was my second full QMS development and implementation in the telecommunication industry. I worked with a different partner in my prior company whom I hold in high regard, but I hold BIZPHYX in the highest esteem."

-STEPHEN, THE ALTA GROUP

EASY TO WORK WITH

"...Jennifer is such a pleasure to work with. She really takes the anxiety out of this process. Everyone enjoyed working with her during the audit. We especially have only wonderful things to say having spent the last 10 months on the project with her.

Thank you all for everything."

-WORLDWIDE SUPPLY

PRODUCE RESULTS

"Our experience with BIZPHYX was very positive, but most importantly produced impressive results, including our certification to the TL 9000 standard. Their consulting staff was professional, courteous and well trained.

The project was well managed from start to finish, resulting in our company accomplishing its goals."

-TREVOR, KGP TELECOMMUNICATIONS

ATTENTION TO DETAIL

"At the outset the project appeared as voluminous and daunting. Under the consistent guidance and personal counsel provided by Mr. Clancy, the Quality Management System project evolved and came to a successful fruition. Teltech received its TL 9000 and ISO 9001:2000 certification. This success is in large part due to the great attention to detail and unwavering support provided by BIZPHYX."
